AICTE, through an MOU with Microsoft, has now made it simple for students in India to access Microsoft's development and designer tools thru the AICTE portal <http://www.aicte-india.org/bfreedownloadsms.html> Here the student needs to enter name and college details and avail an ACCESS KEY. Using this access key student can download software such as Visual Studio 2011, Visual Studio 2010, Expression Studio 4, Windows Server 8 (Beta), Windows Server 2008 and other software from www.dreamspark.com
